

FPL – Proudly powering Florida for a century

Devaney Iglesias
External Affairs Manager
Florida Power & Light Company

Lambda Alpha International
Florida Suncoast Chapter
November 18, 2025

Since 1925, FPL has helped power Florida's growth

Celebrating 100 years of FPL

Hosting
activities & events
throughout
2025

Building
the foundation
for the next
century

FPL serves more than 12 million people across Florida

Approximately
6 million
customer
accounts

Serving
customers from
**Miami to
Pensacola**

43
counties

As America's largest electric utility, Florida Power & Light Company serves more customers and sells more power than any other utility

35,070 square miles

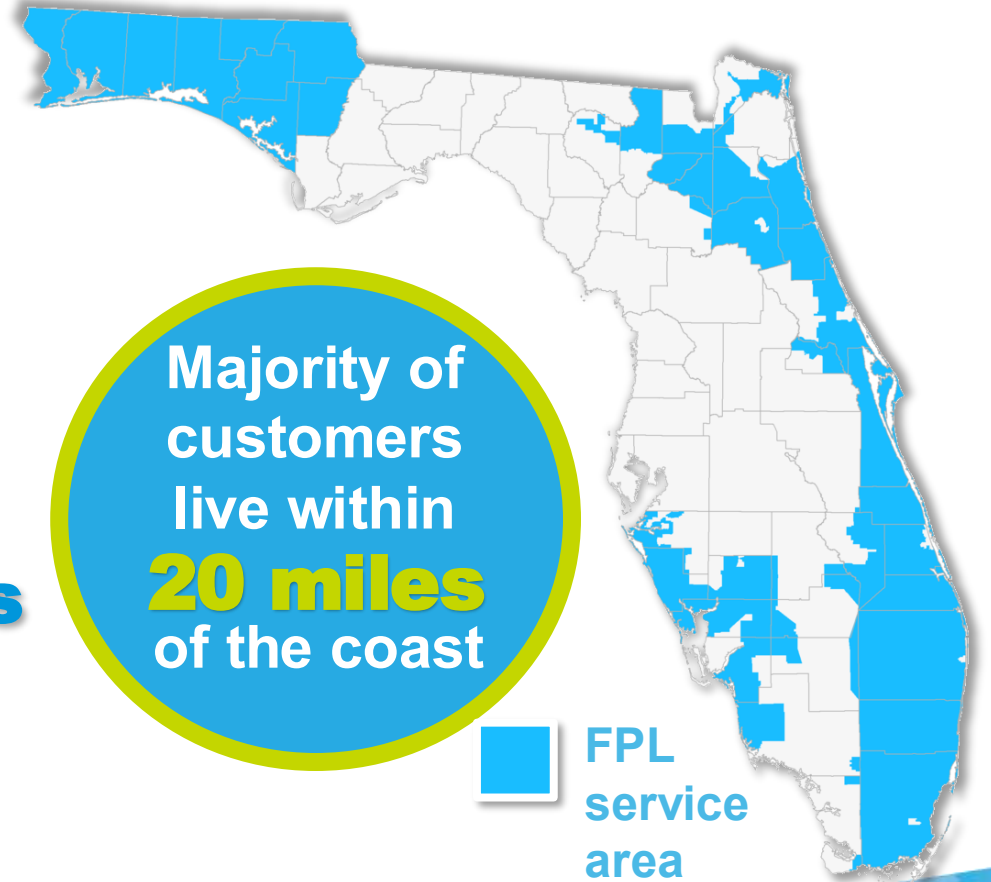

81,823 miles of distribution lines

9,537 miles of transmission lines

1.4 million poles

1.15 million transformers

921 substations

Stronger infrastructure and smart grid technology are improving reliability, helping us restore power faster and even prevent some outages

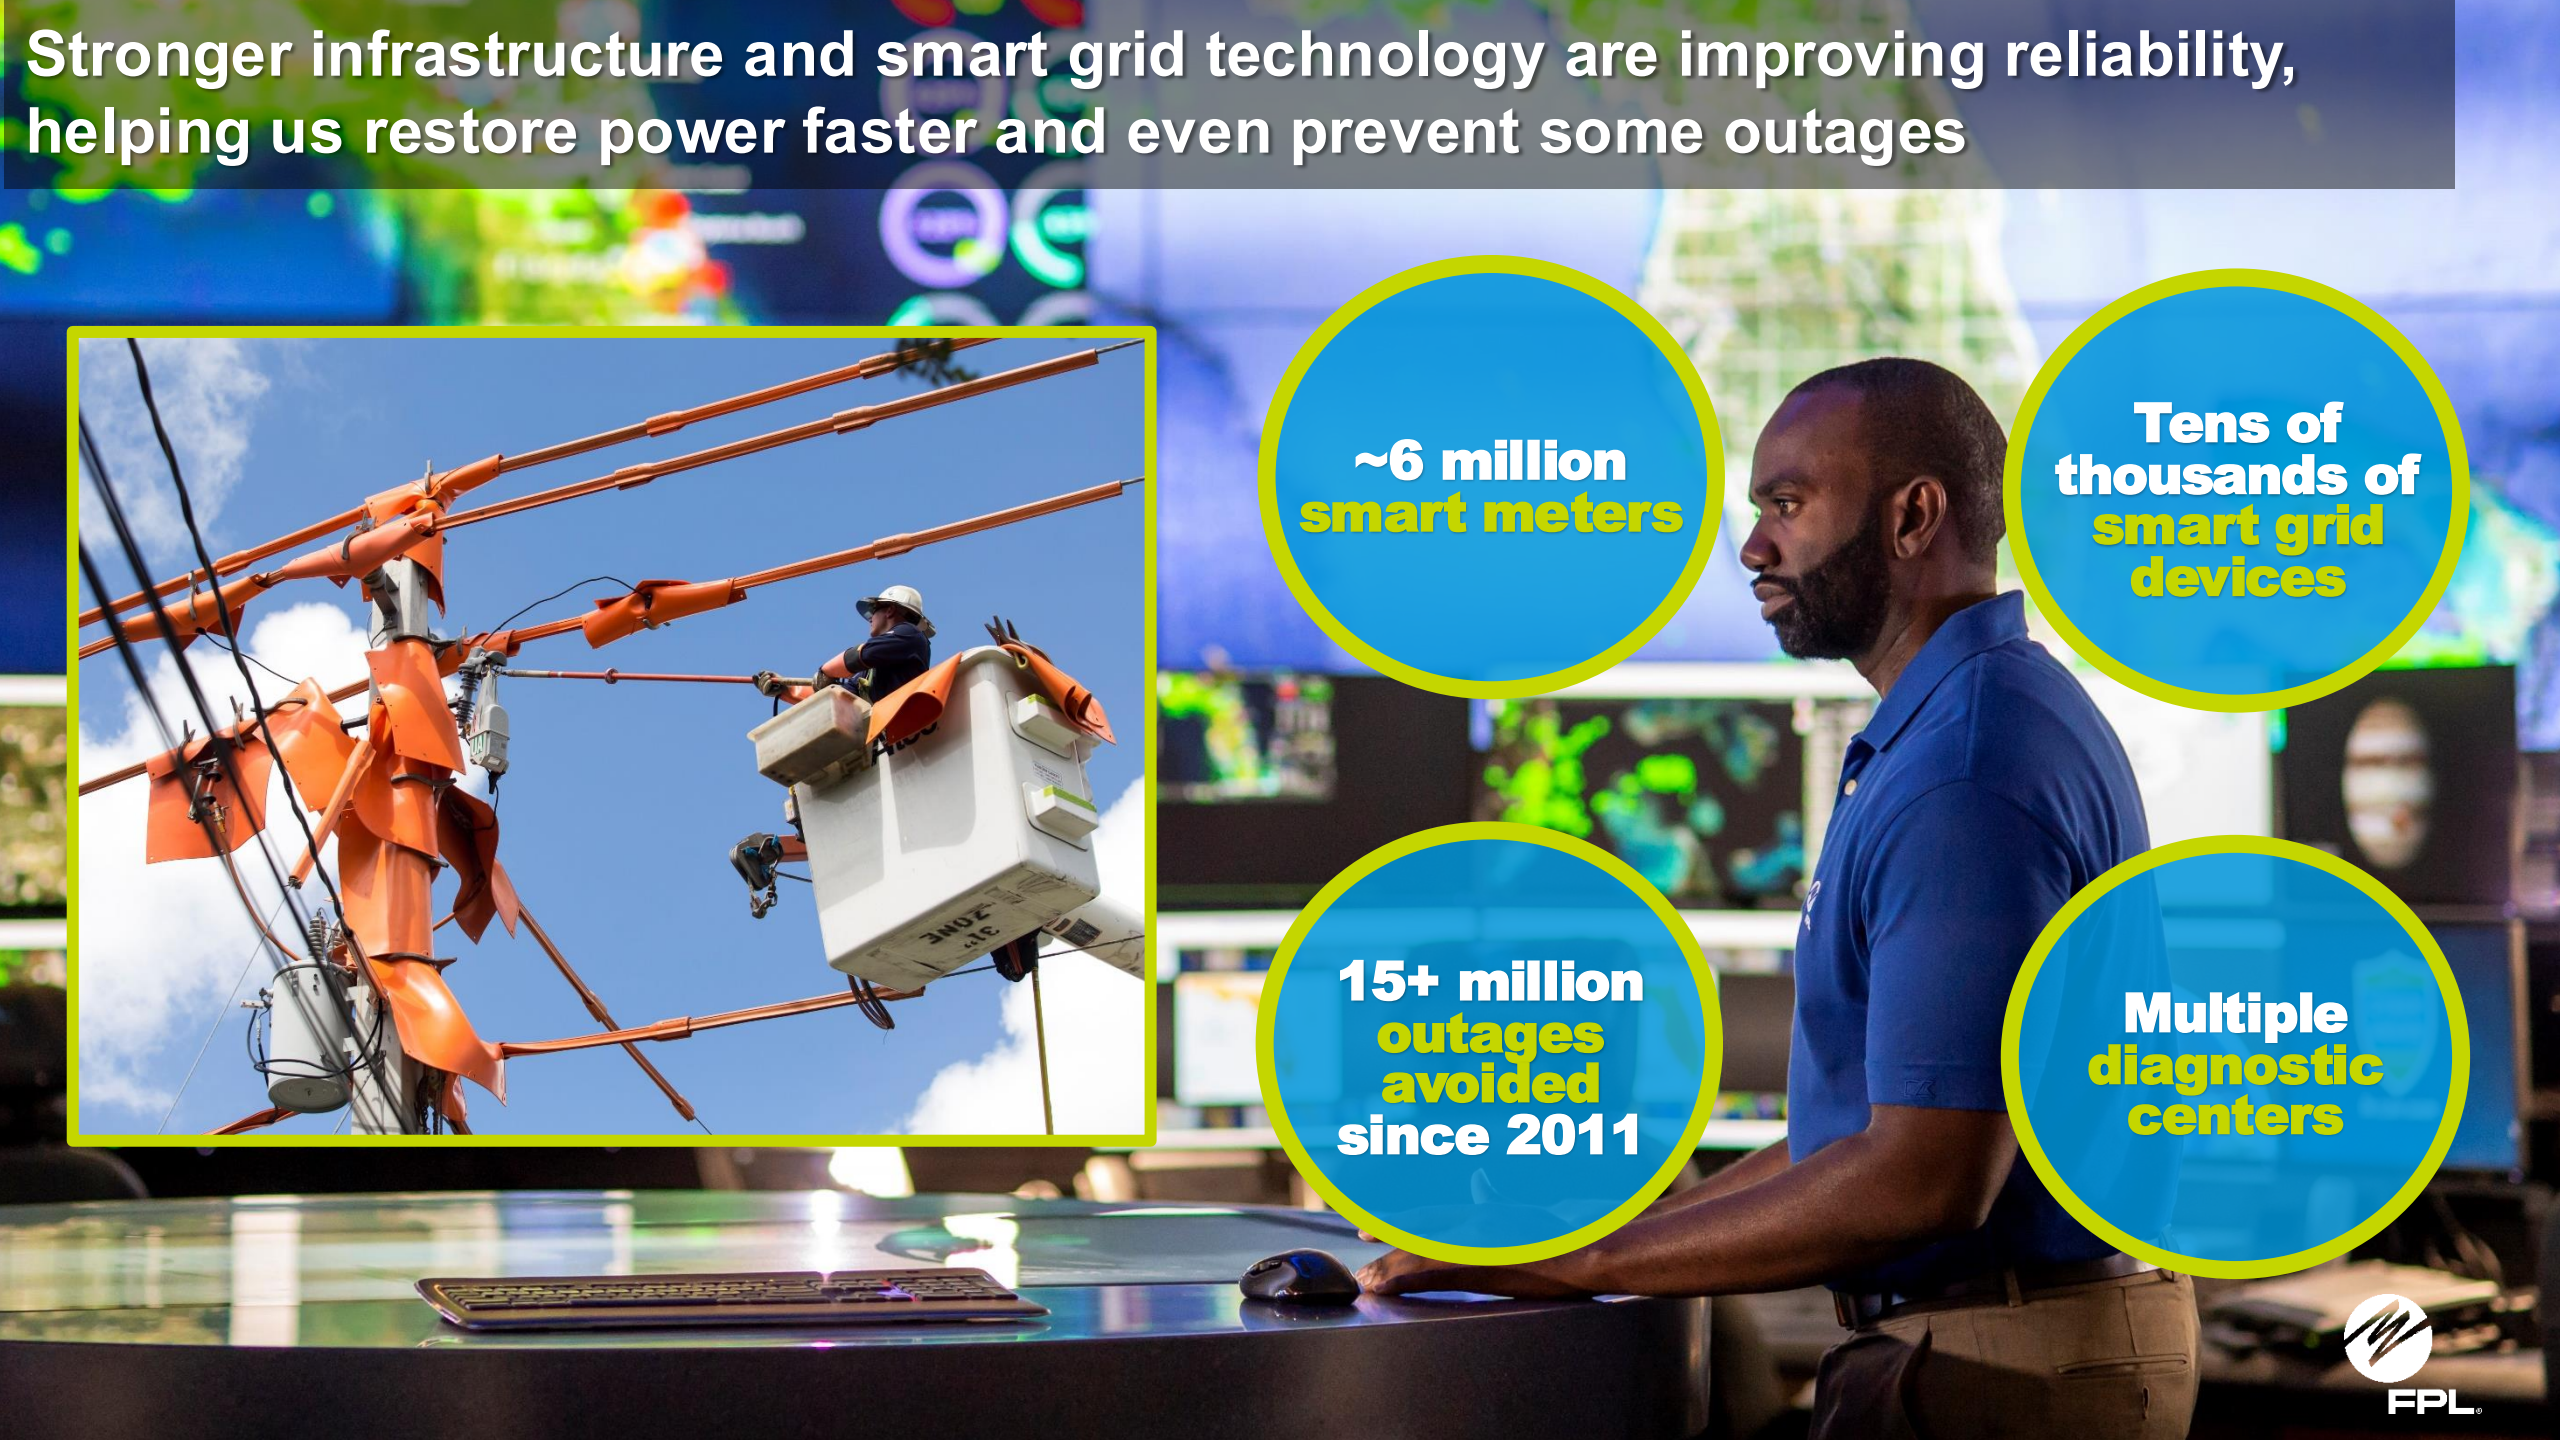

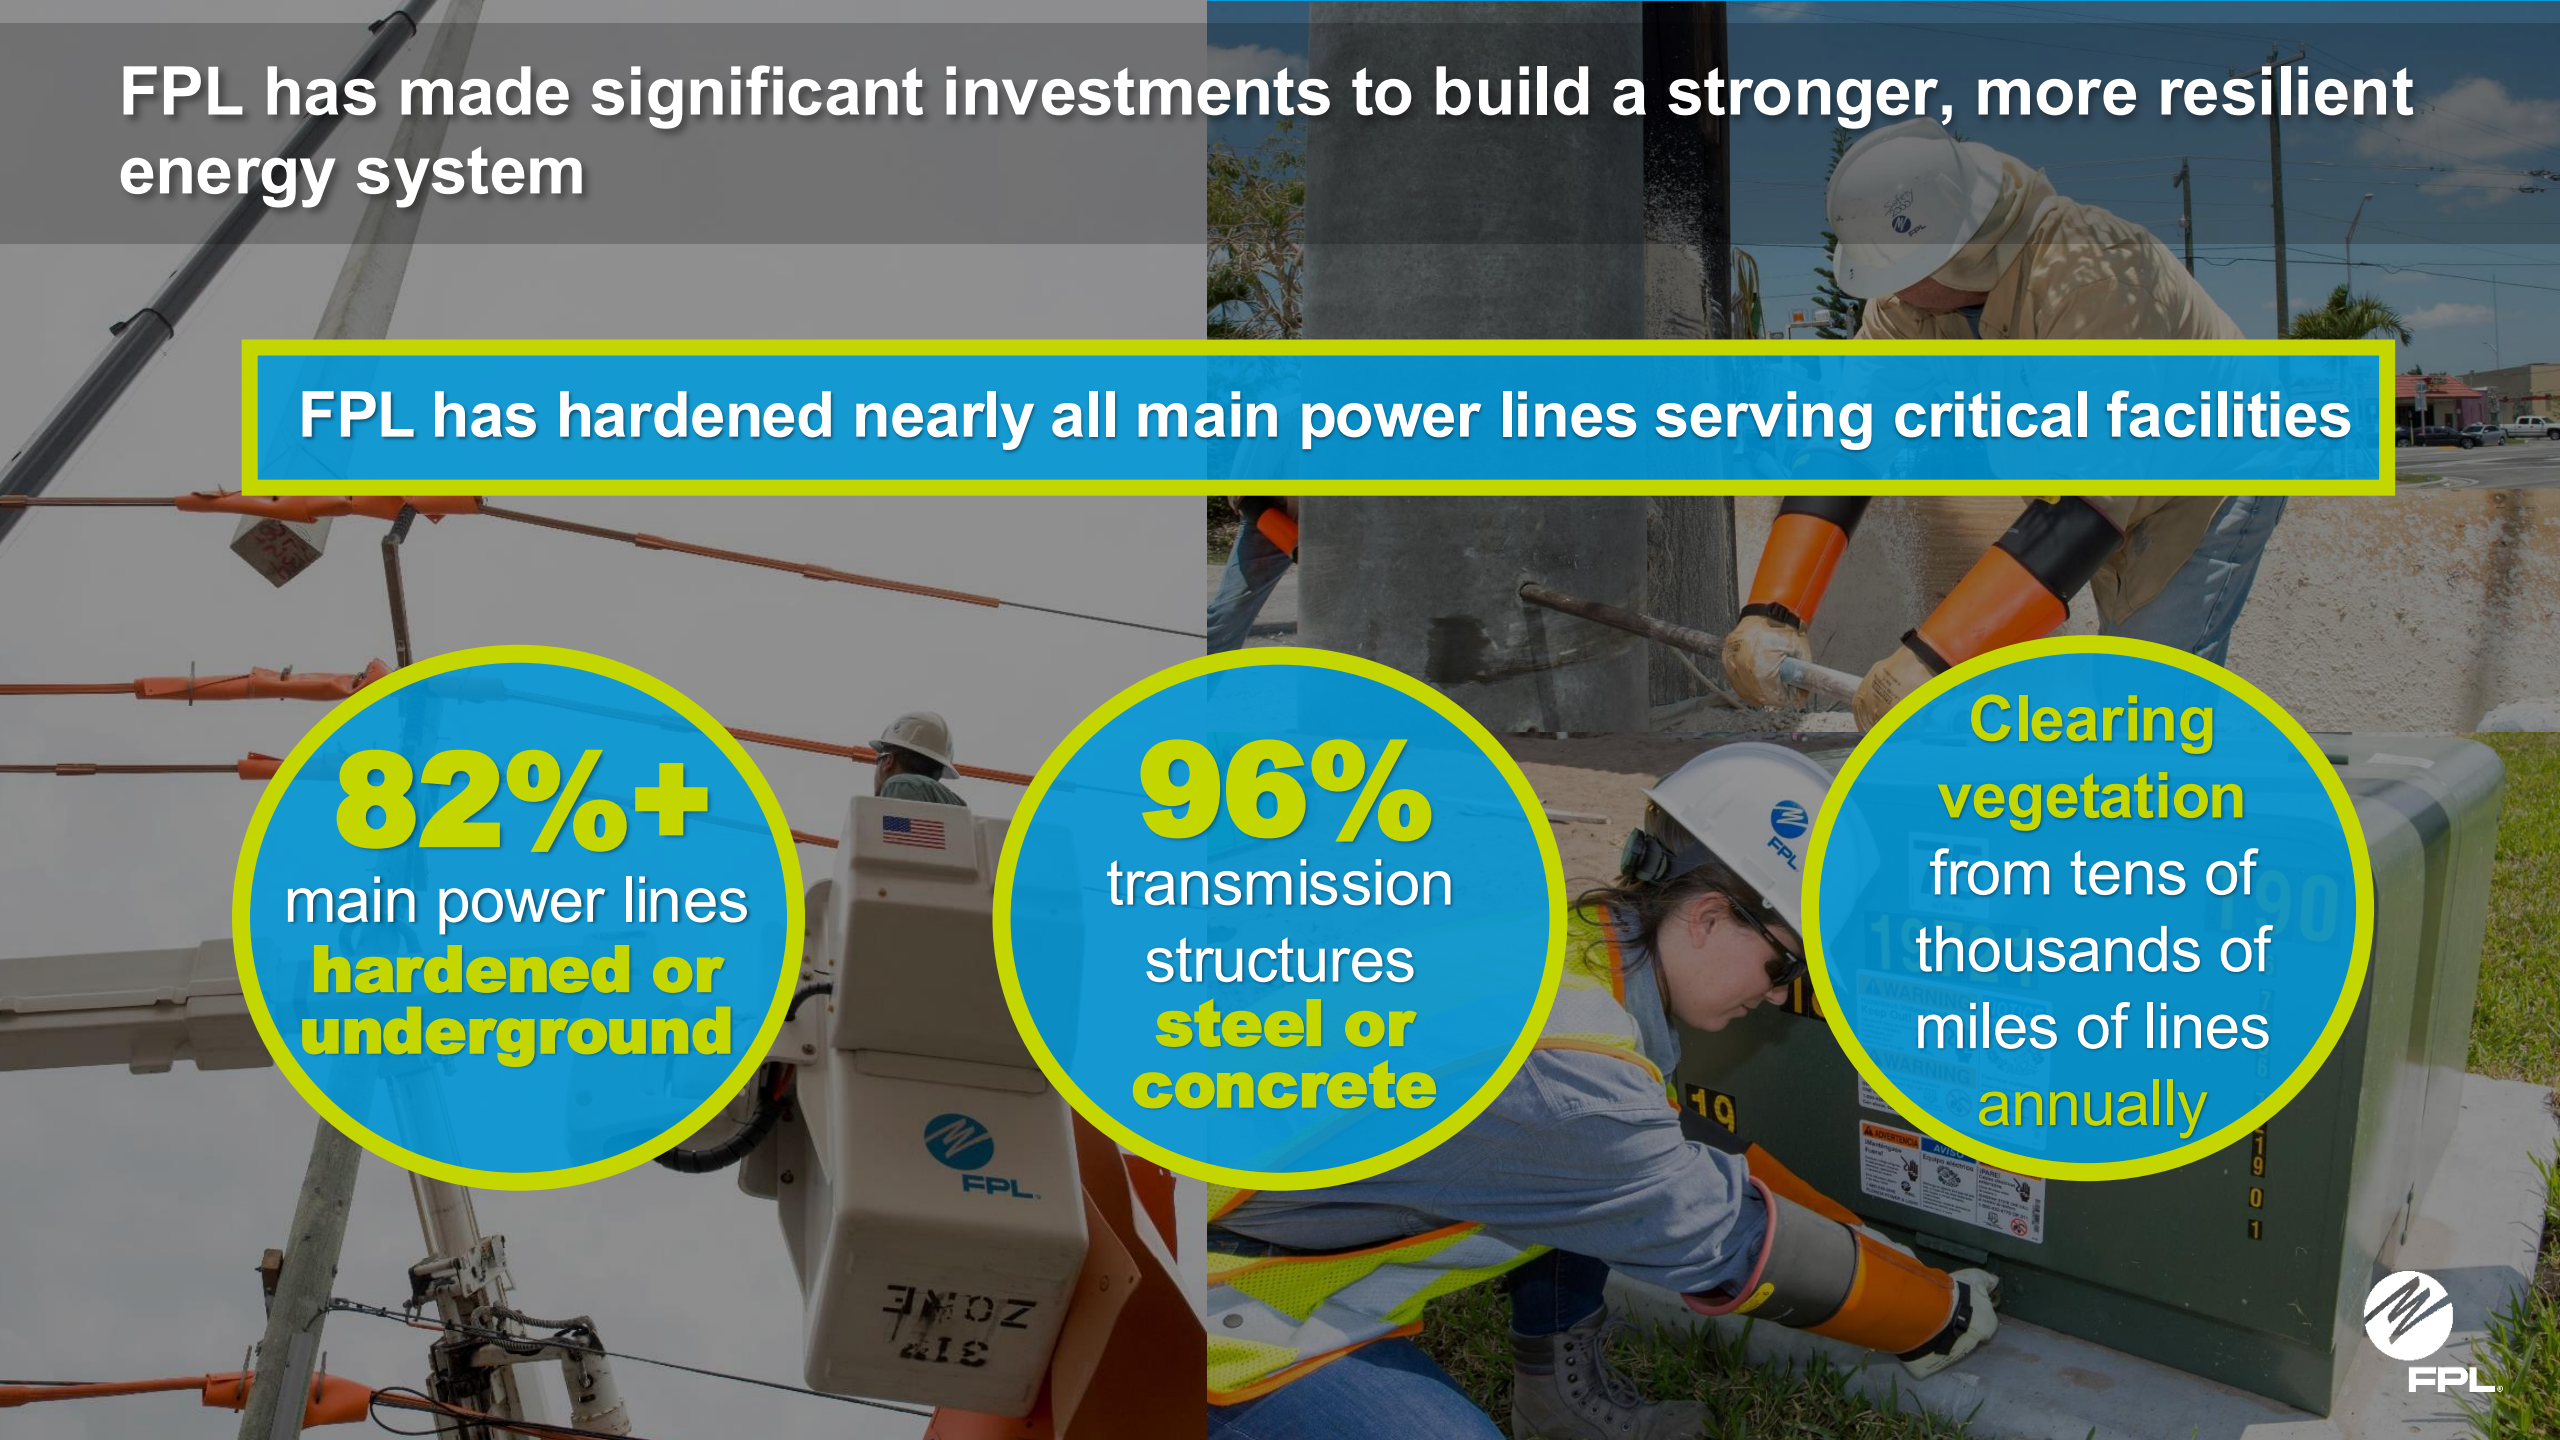

**~6 million
smart meters**

**Tens of
thousands of
smart grid
devices**

**15+ million
outages
avoided
since 2011**

**Multiple
diagnostic
centers**

FPL has made significant investments to build a stronger, more resilient energy system

FPL has hardened nearly all main power lines serving critical facilities

82%+
main power lines
**hardened or
underground**

96%
transmission
structures
**steel or
concrete**

**Clearing
vegetation**
from tens of
thousands of
miles of lines
annually

This year, we continue to make upgrades for Sarasota County

15
**Storm Secure
Underground
Program**
projects planned

Inspecting
or trimming
vegetation on
1,027
**miles of
power lines**

19,407
power poles
will be inspected

Four main power lines will be strengthened, including those that serve critical facilities.

Our year-round preparations and a combined workforce of more than 20,000 men and women helped restore power to customers safely and as quickly as possible following these storms

Hurricane Helene

Restored
>460,000
customers
within one day

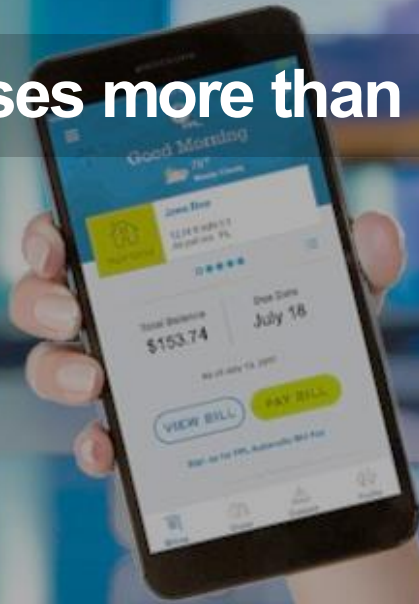

Essentially
restored in
3 days

Hurricane Milton

Restored
>730,000
customers
within one day

Essentially
restored in
5 days

FPL uses more than 30 channels to interact with customers

Florida Power & Light

October 15, 2024

Storms pose unique restoration challenges. Secondary outages and flickering, even after your power has been restored, can be the result from salt spray, storm surge and significant winds that can weaken electrical connections. Rest assured, we are working safely and as quickly as possible to address these conditions and restore your service.

Multi-faceted approach to keep customers informed includes:

- ▶ Outreach
- ▶ Advertising
- ▶ Website and App
- ▶ Automated Calls
- ▶ Customer Care Center
- ▶ Email
- ▶ Social Media
- ▶ Traditional Media
